

# SOUTH AUSTRALIA COVID-READY PLAN

## CURRENT

### Borders

Border restrictions remain in place with states and territories with COVID hotspots

### Activities

Restrictions remain in place:

- Masks in indoor public settings
- Current density and activity requirements
- 20 people at home gatherings
- Private activity cap of 150 people

### Covid Prevention

- Testing, tracing, isolation and quarantine

### Preparing for COVID

- Preparing our primary health and hospital system to cope with an increase of COVID-19 cases
- Recruiting more nurses, doctors, allied health and support staff
- Increasing beds in our hospitals and in the community

**23 NOVEMBER**

**EXPECTED 80% OF SOUTH AUSTRALIANS FULLY VACCINATED** (aged 16+)

### Borders

Open borders to fully vaccinated people from all Australian states and territories\*

Vaccinated international arrivals require 7 days quarantine

Unvaccinated authorised arrivals require 14 days quarantine

### Activities

Restrictions remain in place:

- Masks in indoor public settings
- Current density and activity requirements
- 30 people at home gatherings
- Private activity cap of 150 people

### Covid Prevention

- Testing, tracing, isolation and quarantine

### Controlled COVID into our community

- Hospitals and health services prepared for increase in COVID cases
- Support for people with COVID-19 to recover safely at home
- Increasing access to COVID-19 vaccines

**90% OF SOUTH AUSTRALIANS FULLY VACCINATED** (aged 12+)

### Borders

Borders open to all fully vaccinated domestic and international arrivals

Unvaccinated arrivals will require 14 days quarantine

### Activities

- Restrictions on most activities lifted
- High-risk activities only available for people who are fully vaccinated (for example: nightclubs, standing alcohol consumption)
- Masks remain in high-risk settings (for example: hospitals, aged-care facilities)
- COVID management plans required

### Covid Prevention

- Testing, tracing, isolation and quarantine

### Living with COVID in our community

- Hospitals and health services managing COVID cases
- Support for people with COVID-19 to recover safely at home

\*Quarantine will apply to LGAs with community transmission and less than 80% of the population fully vaccinated.
